How does a student receive state funding?

- The new annual online application is available on [GAfutures](#) and may be completed by high school and home study students who are enrolled and physically attending a participating eligible public or private high school in Georgia or an eligible participating home study program in Georgia.
- The student must first create a GAfutures account profile that includes the student's correct information (legal name, email address, home address, social security number and date of birth). If the student does not have a valid social security number, when creating a GAfutures account profile, they will be assigned a GAfutures temporary ID.
- Upon selecting the Dual Enrollment funding application for the 2020 – 2021 school year, the student's GAfutures account profile will prepopulate the funding application. The school year includes Summer term 2020, Fall term 2020, Fall 1 term 2020, Winter term 2021 and Spring term 2021.
- Within the application the student must provide a parent/guardian's email address for the parent/guardian to electronically complete and sign the Dual Enrollment Participation Agreement for their student.
- The student will receive an application ID upon submission of the application and should provide the application ID to the parent/guardian.
- The parent/guardian will receive an email with instructions to complete and sign the Dual Enrollment Participation Agreement. The parent/guardian will be prompted to provide the student's date of birth and the application ID (as provided and emailed to the student) or student's social security number and date of birth. The parent/guardian may visit [GAfutures.org\DE Parent Agreement](#) to access the paper agreement.

- The high school/home study and postsecondary institution must approve the student's online application prior to drop/add ending.

Can a student retake or withdraw from a Dual Enrollment course?

- Effective Summer term 2020 (FY2021), a student may not receive funding for the same course twice. Courses taken Summer term 2020 or later cannot be retaken and receive funding; does not include courses taken through Spring term 2020.
- Effective Summer term 2020 (FY2021), students become ineligible to continue to receive Dual Enrollment funding after their 2nd course withdrawal. Course withdrawals prior to Summer term 2020 are not included.

Are there any extenuating circumstances regarding withdrawals or retaking a course?

- A student who withdrew from or wishes to retake/repeat a Dual Enrollment course may submit a written Extenuating Circumstance Appeal Request with supporting documentation. The Appeal Request form will be made available on GAFutures in May 2020. (Consideration given only for courses taken Summer term 2020 or later.)
- The student must have experienced an extenuating circumstance of serious illness, serious injury or a death of an immediate family member.
- Appeals do not allow for additional hours of Dual Enrollment program funding eligibility. The appeal solely allows for continued participation in the Dual Enrollment program, up to the 30 semester hours program Funding Cap.

What happens if a student has used all of their allotted state funding?

- Students may choose to self-pay for additional credit hours/courses at the discounted tuition rate of \$250 per credit hour + the cost of textbooks.

*Note – the above rules and regulations are based upon a document released on March 13th 2020 by GAFutures.org. It is important to be aware of any changes in state legislation that may impact your student eligibility to receive state funding. Any funding that Toccoa Falls College does not receive due to being outside of the state's limitations for funding will be the student's responsibility to reconcile.
